

# Microsoft 365 Business Voice

The most productive phone system built into Microsoft Teams

Are you ready to modernize your communications? Let us help you with a solution that is made for businesses like yours. Business Voice is a cloud-based phone system in Microsoft Teams. Together, they deliver an all-in-one communication solution that brings together calling, chat, and meetings into a single app.

## Features & Benefits

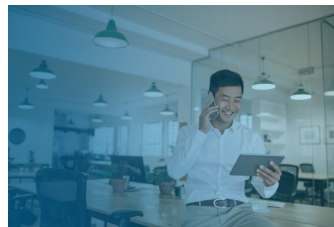

### Work from Anywhere, on Any Device

One phone number across your computer, mobile, and desk phone.

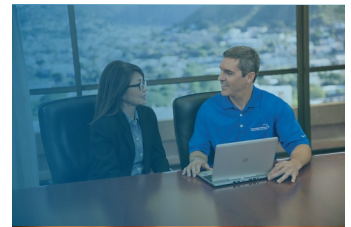

### Secure, Reliable, & Rich Calling

Cloud calling features you can count on plus build-in redundancy & load balancing.

### Streamline Management

Save time & money with one app, from one provider, with one low-price.

### Professional Services

Bundle with professional services and let us take care of your readiness assessment, on-boarding, and maintenance of your account.
